### About This Game

---

A horizontal banner with a dark blue background, a glowing blue sword blade on the left, and the word "Story" in a white, stylized font. The banner is framed by a gold border with decorative corner motifs.

Kyoto is shrouded in silence.

While the Ayakashi change course and prepare themselves for invasion, a sudden turn of events suddenly has Len drawing her sword against Shinonome. Despite her pleas, Len pays no heed to the words of her childhood friend.

"...As soon as I kill you, I'll make sure Ruka joins you."

Behind the scenes, conspiracy and truth swirl together but what will become of the princess knights and their beloved princesses? Find out in the concluding chapter of Ne no Kami - The Two Princess Knights of Kyoto Part 2!

A horizontal banner with a dark blue background, a glowing blue sword blade on the left, and the word "Features" in a white, stylized font. The banner is framed by a gold border with decorative corner motifs.

- Full voice acting in Japanese
- Vibrant battle sequences bring the story to life
- Scenes from the game based off real locations in Kyoto and Japanese folklore

Kuro Irodoru Yomiji

Publisher:

Sekai Project

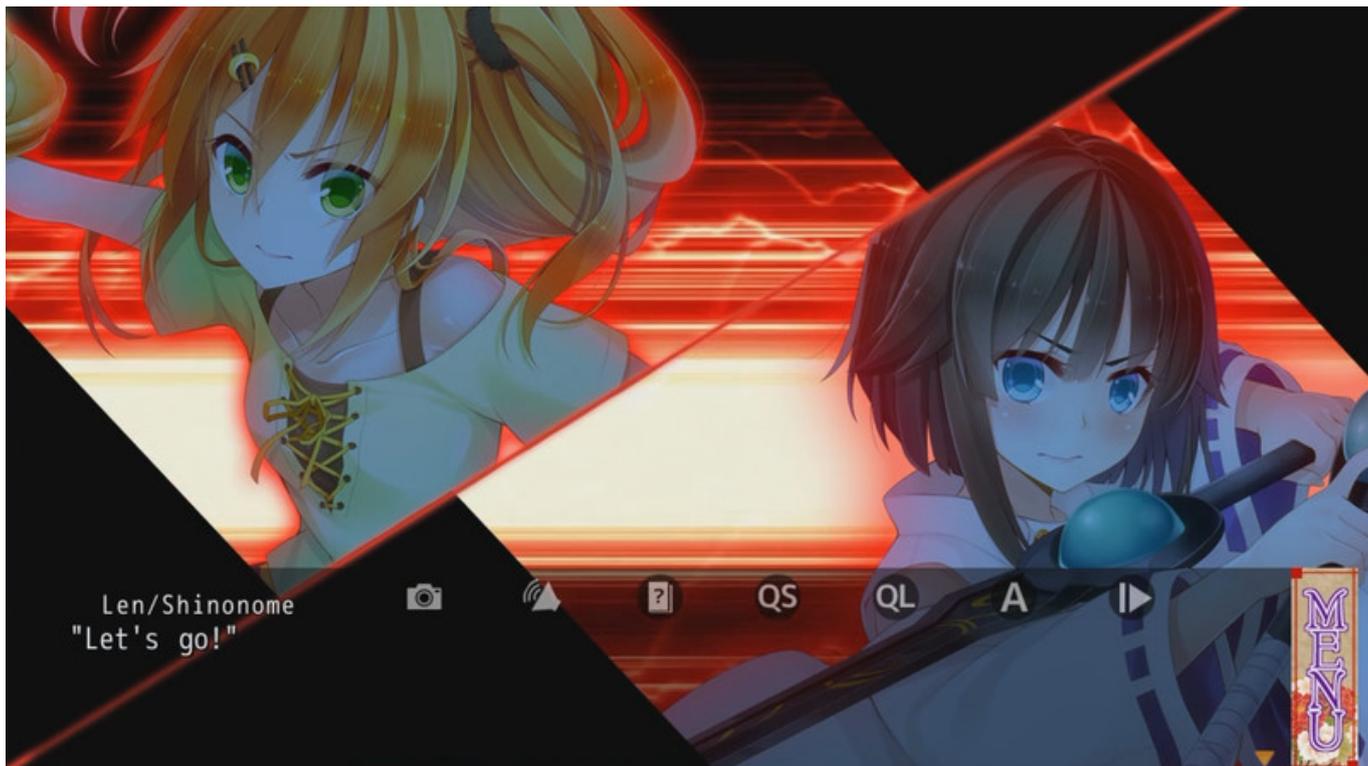

Franchise:

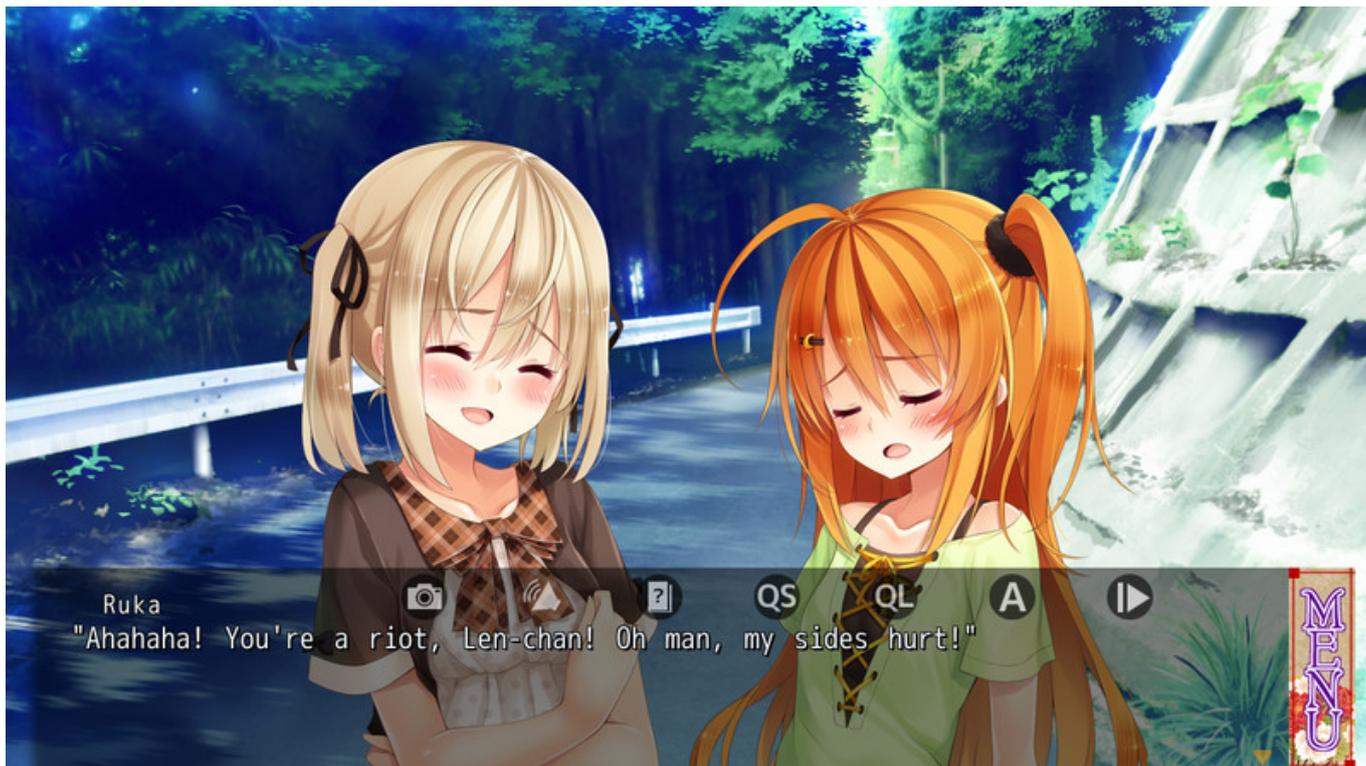

Ne no Kami

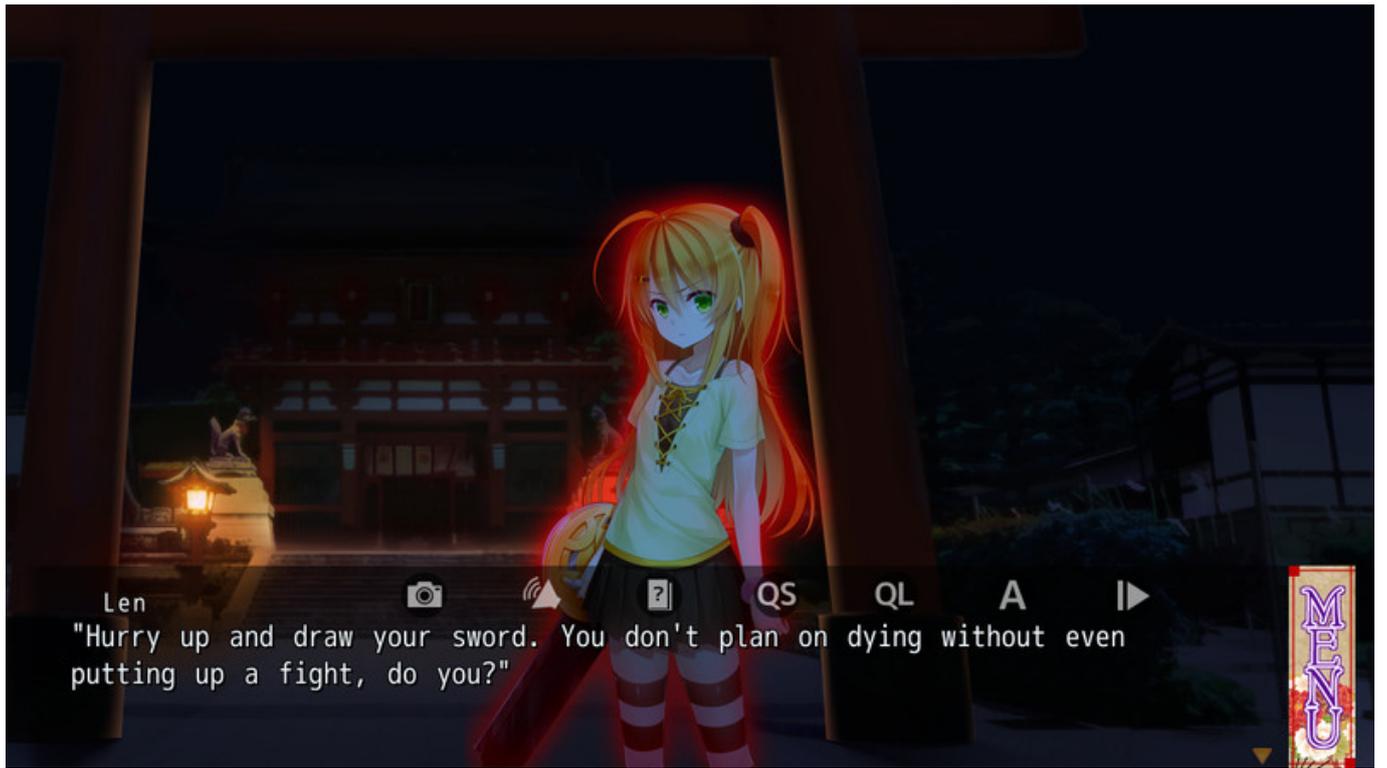

Release Date: 7 Sep, 2017

a09c17d780

English,Japanese

Len  
"Hurry up and draw your sword. You don't plan on dying without even putting up a fight, do you?"

---

Kuro Irodoru Yomiji stepped things up from what he did in Part 1 -- Part 2 has a much faster pace as well as several fight sequences with baffling visuals. Including the DLC (free at d3npa50ft, 0.79 on steam) with three short sequences that are unlocked one by one after both routes in the main game and after playing the first two extras in the DLC, Part 2 is still a bit shorter than Part 1.

This vn resolves the events set up in Part 1 and sets the stage for a Part 3, about which there is no information available at all at the time of this writing. The DLC might help understanding that presumed Part.

Also, the first story of the DLC contains the best H-scene up to now. The voice actors give it their all.

There are quite a few surprises in Part 2. Not everyone is what or who we believed in Part 1 and well into Part 2. Only the main villain turned out to be who I suspected all along.

In conclusion, if you liked Part 1, you will *love* Part 2. And let's hope, the final part is actually being produced. Considering the span between 1 and 2, this should be towards the end of 2018 -- but I doubt that it will be released (if at all) before late spring of 2019.

10/10. Great VN, lots of plot twists, friends turned foes, enemies turned allies, there's no telling where the story lead us to.

Recommend to buy. Will take around 5~7 hours for each part.

This review serve equally to both part 1 & 2.. This is one of my more favorite games I've come across, the story, while seemingly short, is perhaps one of the very few and rare of its kind. While short, the depth to each scene is carefully tended to in each scene and text done. I know I should of started with 1 but sadly I did with 2, but over all, if I need to wait many more years for the 3rd game, I'll be more then happy to do so with something like this.. I'm not one who focuses on details or analysis when I play, read, or watch anything. I prefer to just experience a story, so I'll keep my review short. Upon finishing this VN, I immediately regretted two things: first, that the next installment wasn't available; and second, that I don't have ANY friends who are into either VNs or yuri. The music was great, and the story is one of the best I've encountered, which is saying something as I've read thousands of books and played hundreds of games. There was a part in this game (if you've played it, you know what I mean), where my heart almost broke. I truly, truly enjoyed both Ne No Kamis, and will eagerly be waiting for more from the group.
